Incubator

OUR VISION

Transforming Discoveries in Medicine into  
High-Impact Solutions

OUR MISSION

We foster evidence-based  
transformation of the health services and  
medical care by linking ideas and the  
people behind them, to industry and  
investors

OUR VALUES

Trust

Quality

Diversity

Boldness

**Accelerate the next big  
Healthcare innovation**

Eitri Medical Incubator is a new  
healthcare innovation center  
opening on November 1, 2021.  
Located adjacent to the UiB Faculty  
of Medicine and Helse Bergen, the  
largest hospital in Western Norway,  
we strive to create an inspiring and  
collaborative ecosystem of  
entrepreneurs, industry  
professionals, clinicians and  
researchers who aspire to improve  
patients' lives by developing novel  
healthcare solutions ranging from  
new drugs to medical devices to e-  
health and beyond.

**Bergen Healthcare  
innovation Ecosystem**

We will host UiB's most innovative  
healthcare related projects with high  
commercial potential. At Eitri, our  
researchers will benefit from active  
innovator ecosystem, advising,  
mentorship, and events. We offer  
state-of-the-art facilities with open  
office spaces with adjacent meeting  
rooms and quiet rooms, and kitchen  
area that can be used also for larger  
events (up to 110 people). Moreover,  
you can gain access to wet lab  
space and primary cell culture  
facilities.
